To Advanced Corporate Tax:

As mentioned at the outset of the course, our main goal is to get through Chapters 1 through 8 of the Casebook. And so the Table of Contents to those chapters has been, in effect, the syllabus for the course.

We have skipped only two portions of the book so far. In Chapter 1, you're not responsible for Part H, which started on page 43 and ran through the end of the chapter, on page 52. And in Chapter 4, we skipped Parts F and G, which started on the bottom of page 180 and ran through the end of the chapter, on page 200.

We'll be doing some skipping in Chapter 5 as well. You needn't bother with Parts F(2) and F(3), which start on page 257 and run to the middle of page 280. But do study the end of Chapter 5, Parts G and H, starting at the middle of page 280.

That should be all the skipping until we get to the end of Chapter 8. At that point, we will be very close to the end of the course and will have to see what we have time left to cover. We will not be looking at Chapter 13 or Chapter 15 at all.

To make a long story short, we've skipped or will now skip:

- 43–52
- 180 (bottom)–200
- 257–280 (middle)

Everything else in Chapters 1 through 8 will be fair game.

Please let me know if you have questions or concerns about what we are and aren't covering. See you soon.
