

Income Taxation I
Prof. Jack Bogdanski
Fall 2017
Required Books

1. Schmalbeck, Zelenak & Lawsky, *Federal Income Taxation (4th ed. 2015)*. This is the first time that this text is being used on our campus.
2. Chirelstein & Zelenak, *Federal Income Taxation (13th ed. 2015)*. This edition of this handbook is a couple of years old; it should be available used.
3. Lathrope (ed.), **2018** edition, *Selected Federal Taxation Statutes and Regulations*. Please get this new edition. Alas, this one changes every year and will probably be of little or no resale value. (It comes packaged with a “tax map,” which we won’t be using.)

Do not attempt to use older editions of any of the books, as they are out-of-date and therefore potentially confusing!
